Yes, John talked with Paul earlier this week and the five of us are coordinating closely on all things Exide.

I'll mention our RCRA inspection to Mohsen when we see him on Tuesday.

Subject: coordinating on Exide

All,

There are about a zillion things happening on Exide right now – so lets make sure we are all keeping in touch. I got a call from Paul Kewin today – he wanted a copy of our 114 letter – which he now has. (Paul is the enforcement director at DTSC). Margarita Padilla from the CA AG's office also asked for the 114s – she is working on the bankruptcy case also.

At any rate, Paul said that we were doing a coordinated RCRA inspection at Exide – which is great. I just want to make sure that John and Mark are in touch with each other. As John may be physically on site soon, if there is anything you want him to look at Mark, please let him know.
